

**Natural Gas and Propane Vehicles
Staff Workshop for the 2010-2011 Investment Plan
Friday, September 18, 2009
9 a.m.**

**Long Beach City Hall Council Chambers
Long Beach, California**

AGENDA

Workshop Objective: The California Energy Commission seeks to obtain information and insights about natural gas and propane transportation vehicle technology, target markets, infrastructure costs and needs, and customer costs to justify the \$100 million funding allocation in the 2010-2011 Alternative and Renewable Fuel and Vehicle Technology Investment Plan.

9:00 Introduction and Agenda Review

9:30 Propane Panel

- Industry Overview
 - WPGA: Lesley Brown –Garland
- Vehicle Technology
 - Roush: TBA
- Vehicle Technology/Infrastructure
 - CleanFuel USA: Curtis Donaldson
 - County of Los Angeles Department of Public Works: Rick Teebay

11:00 Light Duty Natural Gas Vehicles

- Honda: Elmer Hardy
- IMPCO Technologies: Tim Standke

11:30 Public Comment

12:00 Lunch

1:00 Medium and Heavy Duty Natural Gas Vehicles

- Cummins: TBD
- Emission Solutions: Jim Moore
- Port of Long Beach: Thomas Jelenic

2:00 **Fuel Infrastructure**

- Clean Energy: Mike Eaves
- Burnett & Burnette: Herb Burnett P.E.
- Trillium: Bill Zobel

3:00 **Biomethane Production**

- Prometheus: John A. Barclay
- Clean Energy: Mike Eaves
- PG&E: Kenneth J. Brennan

4:00 **Public Comment**

4:45 **Adjourn**
